

2021 THE 7TH INTERNATIONAL CONFERENCE ON MECHATRONICS SYSTEM AND ROBOTS (ICMSR 2021)

Hong Kong|April 21-23, 2021

ICMSR 2021

2021 the 7th International Conference on Mechatronics System and Robots (ICMSR 2021) will take place in **Hong Kong** during **April 21-23, 2021**. The aim of the conference is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise. We hope this conference provide a venue for researcher, scientists, engineers, academics, graduate students in the area of Mechatronics System and Robots to share yours discoveries, take home with new ideas to further research.

On behalf of organizing committee, we warmly invite you to take part in this unique and innovative conference with your enthusiasm to develop, your desire to apply and your willingness to mature the Mechatronics System and Robots technique and their applications.

SUBMISSION

1. Full Paper (Presentation & Publication)

2. Abstract (Presentation only)

Online Submission System:

<http://confsys.iconf.org/submission/icmsr2021>

Email: icmsr@iact.net

More information, please visit: <http://www.icmsr.org/sub.html>

PUBLICATION

After a careful reviewing process, all accepted and presented papers after proper registration and presentation, will be published into ICMSR 2021 conference proceedings, and submitted to be indexed by Ei Compendex and Scopus.

Excellent papers with extension can be recommend to be published in International Journal of Humanoid Robotics

CALL FOR PAPERS

Topics of interest for submission include, but are not limited to:

Mechatronics System:

- Mechanism and Machine Science
- High-speed/precision machining
- Laser Processing Technology
- Material Engineering
- System Dynamics and Simulation
- Reverse Engineering
- Construction Machinery and Equipment

Robotics:

- Artificial Intelligence
- Bio-inspired robotics
- Control algorithms and control systems
- Human-Robot Interaction
- Parallel robots and manipulators
- Robotic cognition and emotion
- Social robotics
